

Men, Here's Something That Deserves Your Undivided Attention

FOR FIVE DAYS ONLY

A Smashing Clearance

of Hart Schaffner and Marx Spring
and Summer Suits at Less than
the Cost of Manufacture

You may think it strange that we sacrifice these fine clothes--here's the reason for it:

The wonderful sale this season of Palm Beach suits has caused a decided slack in our regular clothes business and we find our cabinet full of Spring and Summer Suits.

We've simply got to sell them, we need the money and the room. It's not a question of making a profit, what we want is to sell them and sell them now.

These Suits were made by Hart Schaffner & Marx and Adler-Rochester. They need no further recommendation, we simply wish to say that they represent the finest work of these famous makers. Our stock is large, you'll find all the best colors and patterns to choose from.

These Suits will be just the thing for wear now or in the early Fall and they will be as good as new to put on again another Spring.

Don't Delay, Come in now, Today, and take Advantage of
These Wonderful Values
